## COLOUR WAVE SPRAY PAINT RANGE

### MULTI-PURPOSE RANGE

Colour Wave® Multi-Purpose is a one-of-a-kind spray paint collection that combines trendy and modern with incredible versatility, making it perfect for a wide range of surfaces! This amazing spray paint range is not only lightning-fast drying, but also incredibly durable, making it an ideal choice for all your indoor and outdoor projects.

### METALLIC RANGE

This phenomenal range of fast-drying spray paint adds a mesmerising metallic shimmer finish to any surface, transforming ordinary objects into extraordinary works of art! Perfect for indoor and outdoor applications, the Metallic range is not only versatile but also incredibly durable, ensuring that your creations will last for years to come.

### ENGINE ENAMEL RANGE

Colour Wave® Engine Enamel is an innovative range of premium quality spray paint, meticulously engineered to meet the most rigorous technical demands, making it the perfect solution for applications where exceptional performance, unmatched durability, and flawless finishes are paramount.

### HIGH HEAT RANGE

Colour Wave® High Heat is a range of spray paint specifically formulated for applications where technical requirements are needed like high heat, added performance and durability.

### PRIMERS & SPECIALITY

Colour Wave® Primers offer high coverage with excellent adhesion properties to enhance a quality top coat. Our Primer range seals porous surfaces such as wood, drywall, plaster, concrete, plastic and brick. Colour Wave® also provides a new range of Speciality paints to unique projects in and around the house
